EMPOWERING FINANCE EXPERTS FOR A SUSTAINABLE FUTURE

Our programme is designed to train recent graduates to challenge sustainability issues faced by businesses, financial institutions and investors in Asia and beyond. You will learn how finance can help to solve these challenges through a hands-on approach.

NATIONAL UNIVERSITY OF SINGAPORE

National University of Singapore (NUS) is one of the world's leading universities, with over 40,000 students across three campuses. By offering a distinctively Asian yet global experience, NUS gives its students the opportunity not only to excel academically, but also to grow socially.

Ruth is the Deputy Academic Director for the MSc in Sustainable and Green Finance Programme. She is a Certified Public Accountant (CPA) of the Institute of Certified Public Accountants (ICPAS) and a Fellow of CPA Australia.

THE NUS MSc IN SUSTAINABLE AND GREEN FINANCE

CORE COURSES	ELECTIVE COURSES	EXPERIENTIAL LEARNING	TOTAL
16	+ $\frac{16 \text{ (Full-Time)}}{20 \text{ (Part-Time)}}$	+ $\frac{8 \text{ (Full-Time)}}{4 \text{ (Part-Time)}}$	= 40 Units

The **Master of Science in Sustainable and Green Finance** programme is delivered intensively over 12 months (Full-Time) or 21 months (Part-Time).

PRE-ENTRY COURSE

Online

- Introduction to Finance, Accounting and Economics

This pre-entry course aims to provide incoming students with the basic knowledge to understand the key concepts and tools used in finance, as well as the basic microeconomics concepts used in environmental and resource economics.

CORE COURSES

On Campus

- Corporate Governance and Sustainability
- Economics of Sustainability
- Foundational Corporate Finance
- Foundational Investments

ELECTIVE COURSES

On Campus

- Carbon Accounting and Sustainability Reporting
- Impact Assessment and Impact Investing
- Sustainable and Green Investment
- Sustainable Household Finance
- Sustainability Risk Management
- Sustainability in Supply Chain

EXPERIENTIAL LEARNING

Capstone Project (Full-Time Students)

The Capstone Project, primarily self-sourced by students, will provide the opportunity to work with industry organisations to define, analyse and resolve complex and challenging business issues.

Practicum (Part-Time Students)

The Practicum provides the opportunity for part-time students in the programme to identify a gap or an application area in the work environment, allowing them to propose and recommend suitable solutions.

DISCOVER VALUABLE INSIGHTS FROM OUR STUDENTS

Coming from a hospitality management background that granted me a global horizon on recent industry movements, I have gladly chosen the **NUS MSc in Sustainable and Green Finance** programme to fuel my passion for sustainability. Situated in Singapore, a nation that leads the Asia-Pacific region with its commitment to the UN SDGs, NUS Business School has well-prepared me for a career that peeps into the future of tomorrow.

Wang Ruitong
China, Class of 2024

My most significant achievement would be becoming a Top 6 finalist in the BNP Paribas Sustainable Finance Challenge 2023. It was enriching to learn hands-on how the knowledge gained from the **NUS MSc in Sustainable and Green Finance** programme could be applied in the industry. Aside from that, it was an honor to collaborate with my incredible team and compete with such strong teams from top universities in Singapore.

Kirine Floria Budianto
Indonesia, Class of 2024
